

Raja Rogers Meeting Notes  
March 13, 2007

Raja Rogers	St. Petersburg?
Carol	Ray got a nice call from an elementary school who had come to the conference. The school's plan is to start the kids in elementary school and move them through middle and high school with TM – 4000 students. If not funding through David Lynch, then we could perhaps find private funding.
Elaine	Raja Rogers and Mohan Doss had a good conversation about the legal aspects of the vaidya tour, what vaidya should say, etc. Vaidya is very careful about legal aspects. Looks like tour will go to FL as there are cities there with at least 8 appts. Mohan Doss' daily food stipend is \$10. Will send details on how to cover this and will send all forms for tour this week.
Raja Rogers	Elaine - Resend guidelines to everyone. Make no promises, don't claim to diagnose, prescribe. Be as safe as possible and stay in proper legal confines.
Steve	If we could get Mohan Doss in Atlanta, are you comfortable advertising in Indian temples?
Raja Rogers	Yes.
Steve	Can we add Atlanta to the tour? By the way for those who are hosting him, Mohan Doss likes to play ping pong.
Elaine	Yes, after FL – April 8-10.
Raja Rogers	I was on the phone with Maharishi and Raja Kingsley for 2 hours today. We will be meeting with the staff at Lancaster tonight at 9 so the meeting will be short.
Jeff Murphy	Have 15 lined up for Mohan Doss. In Dec, some teachers who attended the conference learned TM. Their principal is now on board for an all-school program – 6-700. So they called today to lay out the groundwork. Important to have someone on the inside. 2 <sup>nd</sup> article – in journal – Business in Lexington – journal is published twice monthly. Had a nice picture of the Peace Palace on the front – "Peace of Mind, Palace of Peace Benefits Mind and Business." Good article about the success that Howard has had since moving into the Peace Palace and points from Murphys about TM. Charlie and Marguerite arrived in Portland today.
Raja Rogers	Great success. I'll send that article in to the Global Family Chat. We were talking about herbal sales today. Did you receive MAPI shipment?
Jeff Murphy	We just received a shipment today. There is a 30% discount on the invoice, but not sure what the new financial deal is.
Raja Rogers	If anyone else finds a nice location for a Maharishi Enlightenment Center, there seems to be an increased interest in that now. Maharishi really wants to have MAPI successful. He prefers to sell our product in our own MEC's. We are doing some wholesale now and thus the 30%.

Jeff Murphy	Some items are on sale, e.g., men's organic cotton dress shirt for \$12.
Raja Rogers	<p>Wherever these vaidya tours are, use them to inspire people. The knowledge will be great. Mohan Doss is very good on the pulse. Do everything you can to inspire people to come. He could have a little lecture on general points of Ayurveda, if you have time. If not, then he should focus on taking everyone's pulse.</p> <p>Longer meeting next week.
